BETWEEN

KATHOLIEKE UNIVERSITEIT TE LEUVEN, BELGIUM

FACULTEIT INDUSTRIELE INGENIEURSWETENSCHAPPEN – Technologicampus Gent

and

UNIVERSIDAD DE LAS FUERZAS ARMADAS, REPUBLICA DEL ECUADOR

This Letter of Intent is made between Katholieke Universiteit te Leuven Faculteit Industriële Ingenieurswetenschappen – Technologicampus Gent and Universidad de las Fuerzas Armadas, Republica del Ecuador.

Whereas both parties have the intention to enter into a binding agreement fostering the cooperation between them if they find an agreement on the specific terms of cooperation.

Whereas, even if parties do not have an agreement at this stage, they aim to negotiate in good faith in order to conclude a binding cooperation agreement.

Whereas both parties aim to determine the general provisions which govern these negotiations.

Both universities agree to the following provisions:

1. The contracting parties will in good faith negotiate to foster the existing relations in the sphere of scholarly and educational cooperation and develop strengthened relations on the ground of mutual benefit and full reciprocity.
2. The cooperation will involve the faculties and research centers of Universidad de las Fuerzas Armadas and their counterparts in Katholieke Universiteit te Leuven Faculteit van Industriële Ingenieurswetenschappen – Technologicampus Gent. Detailed programmes of cooperation will in good faith be negotiated by the faculties and research centers involved.
3. The authorized representatives of both parties will in good faith aim to develop the details of the programmes of cooperation and the progress of the cooperation on a regular basis in order to conclude or adapt a cooperation agreement within due delay.
4. This Letter of Intent will be the basis for any further cooperation agreement to be concluded, after finalization of the negotiations, between the parties.
